Sun, sea, and the stunning coastline of Cap d'Antibes await you with this exclusive VIP package for two at amfAR Gala Cannes 2026, featuring a five-night stay at the luxurious Hôtel du Cap-Eden-Roc, which hosts the event on its grounds.

Launched in 1993 by amfAR Founding International Chairman Dame Elizabeth Taylor, amfAR Gala Cannes has evolved into the Foundation's premier benefit gala and a must-attend event during the Cannes International Film Festival. Year after year, the black-tie event features unforgettable musical performances and attracts notable guests from the worlds of film, fashion, business, philanthropy, sports, and the arts. Icons such as Cher, Tom Cruise, Leonardo DiCaprio, Sir Tom Jones, Spike Lee, Madonna, Helen Mirren, Demi Moore, and Michelle Yeoh have all graced the red carpet at amfAR Gala Cannes.

You and a guest will enjoy five nights at the legendary Hôtel du Cap-Eden-Roc, an architectural gem recently renovated by Brazilian architect Patricia Anastassiadis. A haven on the Riviera for over 150 years, everyone from Greta Garbo and Ella Fitzgerald to Marc Chagall and Picasso have walked its resplendent paths and rose gardens. Nestled atop a craggy cliffside, the grounds offer timeless pleasures and relaxation in total privacy—a saltwater infinity pool with stunning views of the Mediterranean, seaside cabanas, a spa, and tennis courts. A unisex hair salon, complete with beauty and grooming treatments, has everything you need to get ready for amfAR Gala Cannes on Thursday, May 21.

In your room, indulge in peaceful quiet and quaint elegance with classic French country touches. The hotel's many restaurants offer cuisine crafted by Executive Chef Sébastien Broda, who takes a contemporary approach to Mediterranean and Provençal flavors.

The hotel is closed to the public during the Cannes International Film Festival, so this experience is an ultra-exclusive and unique indulgence made possible through amfAR.

Experience the sparkling Côte d'Azur as the global community comes together to celebrate cinema and raise funds for amfAR's lifesaving research.
