The Ultimate Athenian Riviera Retreat

Step into one of the most exclusive private beachfront estates on the Athenian Riviera, where contemporary design meets the timeless spirit of coastal Greece. Set within 21 hectares of protected Mediterranean landscape, the estate blends refined architecture with the calm rhythm of nature, creating a rare sense of seclusion and ease.

This extraordinary experience offers access to not one, but two private beachfront villas—Villa One and Villa Nostos—each embodying a seamless expression of space, privacy, and elevated coastal living. Villa One is an intimate two-bedroom beachfront retreat, defined by clean modernist lines, fluid indoor-outdoor living, a private pool, and a striking sunken firepit designed for relaxed evenings. Villa Nostos unfolds across two interconnected beachfront suites, linked by a private garden and pool, ideal for families or extended stays seeking both togetherness and independence. Every detail is considered, balancing understated luxury with a sense of home.

From private yacht journeys to intimate dining by the sea, each moment reflects a refined Riviera lifestyle, reimagined for today.
